"In the ❤️ of Europe"

EKONOMICKÁ UNIVERZITA V BRATISLAVE

BRATISLAVA UNIVERSITY OF ECONOMICS AND BUSINESS

The Bratislava University of Economics and Business (EUBA), founded in 1940, is one of the oldest and most respected public universities in Slovakia. Located in the capital city of Bratislava, EUBA is a modern, international university specializing in Economics, Business, and Management.

With a wide range of accredited programmes at bachelor's, master's, and doctoral level, EUBA offers students a global education experience closely connected to real business practice. Our strong network of international partners and exchange opportunities makes EUBA an ideal choice for ambitious students from around the world.

EUBA graduates are highly valued by employers, with nearly 100% employment rate. They are well-prepared professionals fluent in at least two world languages and skilled in areas such as economic theory, management, finance, marketing, law, and digital tools.

Today, over 7,000 students study at our seven faculties – six in Bratislava and one in Košice. Many receive international scholarships and take part in global exchange programmes, which reflects the university's high academic standards and international focus.

Join EUBA and become part of a vibrant academic community in the heart of Europe – where tradition meets innovation and education opens doors to the world.

"Discover your future with us!"

Prof. Ferdinand DAÑO
rector

THE BEST OF EUBA

HIGH EDUCATIONAL IMPACT

Being one of the most important educational and research institutions in Slovakia, we are also the oldest and largest university with economics and business focus in Slovakia. Since 1940, we have prepared over 120 000 students for their successful careers in economics and business.

LOW STUDENT TO TEACHER RATIO

Low student to teacher ratio enables us to keep the groups small. At the EUBA you will experience an education on a human scale where you have a lot of opportunities for interaction with teachers.

DEVELOPED INTERNATIONAL COOPERATION

You can benefit from more than 400 agreements with universities from all around the world and spend a great deal of your studies abroad. Most of our programmes can be pursued as a double degree option at some of the best business schools in Europe and Asia.

PARTNERSHIPS WITH VARIOUS PRESTIGIOUS COMPANIES

Our faculties have partnerships with many prestigious companies and specialists from practice participate on lectures during the semester. Partner companies also provide some work opportunities for students and graduates. Thanks to the support of external partners, we are able to provide better conditions for education, such as modernize the equipment and premises.

MEMBERSHIP IN VARIOUS INTERNATIONAL INSTITUTIONS AND PRESTIGIOUS AACSB ACCREDITATION

EUBA is a member of various international institutions and also earned prestigious AACSB International Accreditation. AACSB is the world's largest business education alliance, connecting educators, learners, and business. Less than 6 % of the world's schools offering business degree programmes hold AACSB business accreditation.

In 2008, the Bratislava University of Economics and Business joined the signatories of the Magna Charta Universitatum.

In 2022, the Bratislava University of Economics and Business received the prestigious "HR Excellence in Research" award.

Shape tomorrow's economic world.

The study programme prepares graduates who will apply themselves as specialists in the field of basic or applied research, in the educational process at the college/university and in the system of lifelong learning with the main competence related to business economics and management. Their strategic orientation and skills in working with data qualify them for management positions in large and multinational companies, as leaders of research and innovation teams, or specialists in communication with decision-makers. Self-employment in innovative fields is not excluded.

3 good reasons to join the programme

- ♥ Engage in doctoral research that addresses real economic and managerial challenges in today's globalized world. Your work won't just stay in journals — it can influence policy, business, and society.
- ♥ Study in English within a dynamic international academic setting and earn a PhD recognized across the EU. Experience cultural diversity while benefiting from Slovakia's strategic central European location.
- ♥ Collaborate with experienced supervisors and participate in research projects, conferences, and publications. The programme supports your academic excellence and prepares you for a global research or leadership career.

Leadership. Research. Transform economies.

PhD programme prepares you to address fundamental economic issues of our time and to conduct original research at the frontier of knowledge from an international perspective. You will acquire skills and competencies from leading economists and at the same time develop your own research programme. After successful completion, you will find prestigious positions in academia, international environment, executive positions in the public sector, or in the private sector.

The programme prepares graduates who are competitive in the international labour market. It reflects the fact that economic research at the European level is conducted in English. It takes place through international cooperation with partner institutions, active involvement of foreign professors and lecturers in teaching and research activities and seminars of doctoral students.

3 good reasons to join the programme

- ♥ Tackle pressing global economic issues with a strong theoretical foundation and practical relevance. Your research won't just stay in academia – it will shape policy, business, and society.
- ♥ Study in English at Slovakia's top economic university with access to international conferences, research networks, and mobility opportunities – all while benefiting from close mentorship and a dynamic Central European setting.
- ♥ A PhD from EUBA opens doors in academia, government, and international institutions. Gain the credibility and skills to lead in economic research, analysis, and strategic decision-making.

PhD. in International Economic Relations

Faculty
of International
Relations

Form of study
part-time

Duration
4 years

Diplomacy. Trade. Transformation.

The university's extensive international ties allow students to attend courses taught by experts from leading universities around the world in addition to internationally recognized local university teachers. Students devote themselves independently to the original research programme, which is closely supervised and led by faculty members. In this regard, they cooperate mainly with their supervisor. Regular doctoral research seminars, and other academic activities contribute to their own development towards a personality that can take responsibility for conducting research in a given scientific or professional field, present research results to the international professional community, and contribute to the development of the society in the context of scientific and technical progress.

Graduates build careers as researchers, university lecturers, policy advisors, or diplomats. They work in ministries, international organizations, embassies, and business – often in expert or leadership roles.

3 good reasons to join the programme

- ♥ gain deep insight into European economic policies while developing a global perspective – ideal for careers in international institutions, diplomacy, and academia
- ♥ tackle pressing global challenges in trade, diplomacy, and international economics with academic guidance from top experts and real-world policy impact
- ♥ build connections with scholars, policymakers, and institutions across Europe and beyond — opening doors to high-level careers in diplomacy, academia, and international organizations

From Research to Real Impact.

The programme is designed for ambitious individuals who want to lead in the world of global trade, strategy, and innovation.

As a student, you will gain deep theoretical knowledge and advanced research skills in international business, aligned with global scientific standards. You'll explore cutting-edge topics such as economic integration, regional cooperation, e-commerce, digital business models, and international company strategy in the context of globalization.

This programme prepares you for successful careers in academia, international corporations, EU institutions, trade diplomacy, NGOs, financial organizations, and state bodies with international agendas. Whether your path leads to research or leadership, you'll be equipped to succeed, influence, and innovate in a globalized world.

3 good reasons to join the programme

- ♥ develop cutting-edge research that addresses real-world international business challenges and influences global business practices
- ♥ study in an English-speaking, multicultural environment with access to global academic and business networks across Europe and beyond

Bratislava Castle

Bratislava, Capital of Slovakia

"Beauty on the Danube"

Modern and dynamic city

Bratislava, the capital of Slovakia, is often called the “Beauty on the Danube” or the “Little Big City” thanks to its mix of charm, culture, and modern spirit. With nearly 480,000 people, it’s a safe, friendly, and affordable place—ideal for international students who want to study in the heart of Europe.

Bratislava is famous for its lovely old town, delicious food, rich cultural life, and mix of historic and modern architecture. It’s easy to travel here, simple to explore, and full of energy.

Whether you stay for a weekend or a full degree, Bratislava always has something to offer—festivals, music, galleries, and relaxing moments by the river. It’s where history meets the future—and you can be part of it.

The city lies on the Danube River, surrounded by green hills and just a short trip from Vienna and Budapest. For centuries, Bratislava has been an important meeting point for trade, culture, and politics. After becoming the capital of the Kingdom of Hungary during the Ottoman invasions, it turned into a royal city known for grand palaces and ceremonies. Many of its beautiful historic buildings from that golden era still stand today.

Although Bratislava went through wars and major changes in the past, it grew into the political, economic, and cultural center of Slovakia. Since Slovakia became independent in 1993, the city has transformed into a modern European capital full of life and opportunity.

WHAT TO SEE IN BRATISLAVA

Bratislava offers foreign and also domestic tourists attractions ranging from historical buildings and castles to museums and churches. Thanks to its rich history and detailistic architecture, which can be found especially in the Old Town, the city offers a wide range of diversity and colours.

- ♥ Bratislava castle

Slovakia
"Hidden gem"

Slovakia is a hidden gem in the very heart of Europe – an inspiring destination where academic ambition meets natural beauty, rich history, and a modern European lifestyle. As a proud member of the European Union, Slovakia offers all the benefits that EU has to offer, such as study, travel, and opportunities in a safe, welcoming, and affordable environment. Here, you'll find towering alpine mountains, deep green forests, mirror-like lakes, and over a hundred castles and chateaux that look like they belong in fairy tales.

The country is home to several UNESCO World Heritage Sites, ancient towns filled with charm, vibrant cultural festivals, and a long-standing tradition of academic excellence. You'll also discover a land bursting with living folklore—colorful traditional costumes, music, and dances that have been passed down for generations, creating a sense of identity and warmth wherever you go.

Slovakia takes pride in its unique gastronomy and world-class wines, especially from the Tokaj and Small Carpathians wine regions. Whether you're tasting traditional bryndzové halušky (potato dumplings with sheep cheese), savoring locally made honey, or enjoying a glass of rich Slovak wine at a vineyard overlooking rolling hills, every experience connects you to local authenticity.

Adventurous souls will love Slovakia's national parks, ideal for hiking, skiing, and exploring, while cultural enthusiasts will be amazed by open-air museums, wooden churches, and spa towns with thermal springs. Whether you're wandering through medieval streets, exploring hidden caves, or enjoying hearty Slovak cuisine in a cozy mountain hut, you'll experience a lifestyle that's as enriching as your studies.

Slovakia is not just a place to learn – it's a place to live, grow, and be inspired. With natural wonders all around, a rich cultural heartbeat, and the rest of Europe just a train ride away, it's the perfect starting point for your international academic journey.

Let your story begin here.

THE MOST POPULAR PLACES TO VISIT IN SLOVAKIA

♥ Košice

Košice, Slovakia's second-largest city, is a dynamic hub of culture, trade, and education in the heart of Eastern Slovakia and the Carpathian region. With a population of over 240,000, it is known for its multicultural atmosphere and vibrant student life.

As a proud home to the Faculty of Business Economics, Košice offers students a rich academic and cultural experience in one of the country's most beautiful historical settings. The city's iconic Main Square, the largest Town Monument Reserve in Slovakia, boasts stunning Gothic architecture—including the impressive Cathedral of St. Elisabeth, the largest church in Slovakia and the easternmost Gothic cathedral of its kind in Europe.

♥ The Tatra Mountains

The High Tatras, Slovakia's alpine jewel shared with Poland, offer breathtaking peaks, crystal-clear glacial lakes, and fresh mountain air—perfect for adventure and relaxation between study breaks. Just a few hours from campus, this stunning national park is a favourite escape for students who love hiking, skiing, or simply recharging in nature.

♥ Spiš Castle

♥ Slovak Paradise

♥ Wooden churches

♥ Banská Štiavnica

♥ Caves of the Slovak Karst

♥ SPA Piešťany

♥ Jánošíkove diery

♥ Bardejov

♥ Region of Liptov
