

Firstly, it is our great pleasure to invite your students to our **3 online interseasonal courses** taking place in Spring 2021:

- 1- [Supply Chain Strategy Development and Deployment](#) (February 22 - March 5, 2021)
- 2- [Artificial Intelligence for all](#) (March 29 - April 2, 2021)
- 3- [Doing Business in Russia](#) (March 29 - April 9, 2021)

Participation fee (extracurricular program included):

- 270 euro for a 2-week online course;
- 160 euro for a 1-week online course.

Application form is available on our Summer and Winter School website [here](#).

Application deadline: 2 weeks before the program start.

Secondly, let us also share with you the great news that we successfully ran our first Online Winter School 2021 and hosted over 150 students (read more [here](#)).

Finally, we are happy to announce the **schedule** of the [International Polytechnic Summer School 2021](#) that will be held in a **hybrid (mixed) format**. Preliminarily we plan to run most of our summer programs in the online mode but a few courses/groups may be held on-site in St. Petersburg.

Final decision on the format of the 35+ summer courses will be announced **in early April 2021** when the global and local policies for international travelling restrictions are mainly defined for the summer season.

Due to tendencies of massive vaccination in Russia and other countries, we are being optimistic to believe the on-site format will be possible for some programs. For the moment, the nationals of Vietnam, Qatar, India, Finland, UK, Egypt, Maldives, The United Arab Emirates, Kyrgyzstan, Republic of Korea, Cuba, Serbia, Japan can apply for Russian student visas with Letters of Invitation and, therefore, to be admitted to on-site participation in Summer School.
